

FAIZAANULLAH SHAIK

+1 (682)-313-9504 | shaikfaizaanullah@gmail.com

EDUCATION

Master of Science in Computer Science, University of Texas at Arlington	May 2027
Bachelor of Engineering in Computer Science (AI & ML), Osmania University	2024

TECHNICAL SKILLS

Languages	Python, Java, SQL, C, JavaScript
AI / ML	PyTorch, TensorFlow, Keras, scikit-learn, OpenCV
LLM / NLP	LLM APIs, Prompt Engineering, spaCy, NLTK
Backend / Web	FastAPI, Flask, React, Node.js, REST APIs
Data / Cloud	Pandas, NumPy, AWS, Apache Spark, Hadoop
Developer Tools	Git, GitHub, Linux, Cursor, Claude Code

PROJECTS

AI Incident Assistant	Python, FastAPI, LLMs
- Developed an AI-powered incident analysis assistant using Python and FastAPI, integrating language-model capabilities into a backend application. - Structured application logic around API endpoints and modular components to support incident-related analysis workflows.	
CNN-Based Image Forgery Detection	Python, TensorFlow, CNNs
- Led an academic team developing convolutional neural networks to identify manipulated images. - Implemented preprocessing, model training, validation, and evaluation workflows; analyzed classification performance and failure cases.	
LLM-Based Automotive Support Application	Python, LLM APIs
- Built an LLM-powered automotive support application with modular input processing and response generation components. - Evaluated prompts across automotive support scenarios, refining response relevance and consistency through iterative testing.	

EXPERIENCE

Instructional Design Assistant	Sep 2026 – Present
University of Texas at Arlington	Remote
- Develop and maintain Canvas course materials, supporting course mapping, learning objectives, and Quality Matters documentation. - Remediate accessibility issues in PDF, Word, and PowerPoint materials; review captions for accuracy and consistency.	
Student Assistant – Parking & Transportation Services	Dec 2025 – Sep 2026
University of Texas at Arlington	Arlington, TX
Maintained bicycle inventory, loan records, inspection documentation, and maintenance tracking.	
IT Assistant	Nov 2023 – Dec 2024
Diamond House Pvt. Ltd.	Hyderabad, India
- Troubleshoot hardware, software, POS systems, and network connectivity issues supporting daily business operations. - Documented technical incidents and supported routine system maintenance and issue resolution.	

CERTIFICATIONS

Machine Learning Specialization – Stanford University & DeepLearning.AI (Andrew Ng)
